

Dear Potential Raffle/Silent Auction Donor,

Join Us to **Help A Child To Walk!** Freedom to Walk Foundation invites you to participate as a Raffle/Silent Auction Donor in the **Freedom to Walk Foundation 7<sup>th</sup> Annual Carnival Gala** on Saturday, October 5, 2019 at the Marriott Tampa Airport, Tampa, FL. The funds raised will assist for the purchase of WalkAides® and Bioness L300s for children and adults diagnosed with Foot Drop due to Multiple Sclerosis, Cerebral Palsy, Stroke, Incomplete Spinal Cord Injury, or Traumatic Brain Injury.

Foot Drop is a condition characterized by weakness or paralysis of the muscles involved in lifting the front part of the foot necessary for people to walk. It causes a person to either drag the foot and toes or engage in a high-stepping walk called steppage gait.

The WalkAide® and Bioness L300 are revolutionary electronic devices when worn on the calf, sends electric impulses to the affected foot causing the foot and leg to lift and follow through as they would with a natural, unimpaired gait.

These devices L300 are FDA approved, but most insurance companies are denying coverage. With an out of pocket cost of \$5,000 per unit, the cost is prohibitive for many who see the WalkAide® and Bioness as an invaluable opportunity to improve their quality of life.

Please participate by donating gift cards, certificates, sports tickets, merchandise, services, etc. In exchange, we will list your company's name in the Program, Social Media and on the Freedom to Walk Foundation's Website.

Our 6<sup>th</sup> Annual Havana Nights Gala WalkAide® Recipient, Magnus, was born at 26 weeks' gestation. He spent 7 months in neonatal intensive care unit. He suffered a Brain Hemorrhage, a type of Stroke, a few weeks after birth. He had heart surgery four months after he was born. Because of extreme prematurity, he was diagnose with severe bronchopulmonary dysplasia, form of chronic lung disease. He is also, diagnosed with Autism Spectrum Disorder and Foot Drop. Magnus Is A Miracle Child!

At the Gala, Magnus, was looking handsome in his bowtie. He was unable to walk due to blisters caused by the rubbing of the ankle foot orthosis (AFO) on his foot. Because of our Sponsors, Businesses and Donors, Magnus will be able to walk with his own WalkAide®.

Thank You in advance for your consideration of this request.

**TOGETHER, Enriching Lives, One Foot At A Time...**

Sincerely,

A handwritten signature in black ink that reads "Daisy Vega".
