

Dear Sponsor,

Freedom to Walk Foundation, a 501c(3) nonprofit organization, invites you to participate in the **Designer Bag Music Bingo FUNdraiser** on Thursday, April 25, 2023, from 6:00PM to 10:00PM at The Regent, 6437 Watson, Road, Riverview, FL 33578. Join Us for an evening of Fun with Friends, Music Bingo, Food, Raffles, and more!

The primary source of funding for the success of the **Designer Bag Music Bingo FUNdraiser** is from Businesses and the Community, such as **YOU!**

Freedom to Walk Foundation assists in acquiring mobility devices for children and adults, experiencing Foot Drop caused by conditions such as Stroke, Cerebral Palsy, Multiple Sclerosis, Spinal Cord Injury, and Traumatic Brain Injury. They can Walk Safely and Live Fulfilling, Purposeful Lives with these devices.

At the May 19, 2023 Bingo Event, Jasmin Cervantes-Garcia was gifted a Bioness L300 Go device to help her to Walk. Jasmin was the only survivor of a deadly crash in Leon, Mexico, on June 23, 2022. A charter bus hit the pickup truck her father was driving head-on. Her parents and grandparents died in the crash. Jasmin suffered critical injuries. Jasmin and her brother, Cruz, go to Johns Hopkins All Children's Hospital in St. Petersburg for follow-ups and therapy three times a week.

Jasmin is experiencing Foot Drop due to Traumatic Brain Injury. After months of wearing the Bioness L300 Go device, Jasmin was able to Walk and Dance with her brother, Cruz, at the October 7, 2023, Masquerade Charity Ball Event. Tears of Joy filled the room to see Jasmin able to Walk and Dance to her favorite song.

Foot Drop is a weakness or paralysis of the muscles involved in lifting the front part of the foot necessary for people to walk. It causes a person to either drag the foot and toes or engage in a high-stepping walk called steppage gait.

The Bioness L300 Go is an electrical stimulation device when worn on the calf, sends electric impulses to the affected foot causing the foot and leg to lift and follow through with a natural, unimpaired gait.

Most insurance companies are denying coverage for this device. With an out-of-pocket cost of up to \$5,500, the cost is prohibitive for many who see the Bioness L300 Go device as an invaluable opportunity to improve their quality of life.

Join Us in helping people like Jasmin to Walk Safely. Your donation is greatly appreciated.

Thank You, in advance, for your consideration and support.

Sincerely,

A handwritten signature in black ink that reads "Daisy Vega".
